Listing of vehicles with Factory Installed IBC Approved Theft Deterrent Systems as Standard Equipment

Note to Consumers

The immobilizer theft deterrent systems available in vehicles appearing on this listing have been approved by IBC as having met or exceeded the criteria outlined in the

“Standard for Automobile Theft Deterrent Equipment and Systems: Electronic Immobilization CAN/ULC-S338-98”,

a national standard recognised by the Standards Council of Canada. In applying for IBC recognition of theft deterrent systems, vehicle manufacturers certify that the systems available in their Canadian marketed products:

- Meet the performance requirements of the Canadian Theft Deterrent Standard.
- Have undergone extensive laboratory testing.
- Are included as standard equipment in the models listed.
- Are available in the entire model year's production of the models listed.

Although IBC has taken every precaution to ensure the accuracy of the information contained on this listing, equipment and specification changes can occur without our knowledge. Always consult your dealer or vehicle manufacturer to verify equipment availability.

The information contained is sorted by Make, Model and Model Years. In some cases, the specific Model and Trim of the vehicle is listed when only these vehicles have the Approved Theft Deterrent System for those Model Years.

To learn more about the IBC Approved Theft Deterrent Program, visit our website at www.ibc.ca. (click on Vehicle Information). If you have any questions regarding any aspect of the IBC Approved Theft Deterrent Program, please contact us at 416-362-9528 or toll free: 1-800-387-2880.
